

Classic Brass Engraved Plates

PAGE ONE

These plates are made from top quality solid brass engraving stock. Each character is carefully tooled into the plate using a diamond tipped engraver. The lettering on polished brass plates is oxidized black. The lettering on the colored brass plates is bright tooled brass.

- Blue - Green

The framing plate is an enhancing option added to the Classic Brass Engraved plates. The framing plate makes the engraved brass plate more attractive by adding a bright contrasting frame around the plate edge. The framing plate measures approximately a 1/4" larger than the plate. To order a framing plate, simply write "FP" under plate item number on order blank, write framing plate color under the engraved plate color.

We recommend Black framing plates with the Polished Brass engraved plates, because the framing plate matches the oxidized characters on the plate.

We recommend Gold framing plates with the Colored Brass engraved plates, because the framing plate matches the tooled characters on the plate.
