The 2 plates above are available with hole size for Telemecanique Brand Equipment. Let us know your requirements.

**All plates on this page are available in the following colors:**

**Standard Colors:**  
White (Black letters)  
Black (White letters)  
Red (White letters)  
Yellow (Black letters)

**Custom Colors:**  
Green, Blue, Gray,  
Orange, Yellow  
(All with White letters)

Custom colors are priced the same as Standard colors. They are not always in stock so allow an extra day for blank production.

All of the Legend plates on the previous page and the #603 on this page are available as potentiometer legends. To order simply add "POT" to the end of the part number of the plate that you are ordering. The price for this option is \$1.00 over the regular plate price.

Special size Legend plates with special size holes and locations are available. Please let us know your requirements.
